 **NECTA**

The Snakky range from Necta has long been a favourite with a variety of customers. The refreshment service is ideal for sites where space is premium, with a lower than usual height the compact footprint makes it perfect for the tightest of spaces.

The Snakky RY and the Snakky SL both offer a fantastic selection of snacks, confectionery, cans and bottles.

The Snakky RY can act as a host for up to two Snakky SL machines, thereby increasing the product capacity on offer. Alternatively, snack only and can and bottle (only available as a Snakky SL) models are available.

Whatever refreshment solution you are looking for, the Snakky range has it covered, pleasing to the eye and great on performance.

## features:

Choice of two models - Snakky RY & Snakky SL.

Modern design and aesthetics.

Complete refreshment service with a choice of snacks, confectionery, cans and bottles.

User-friendly software.

Advanced 16-bit electronics.

Ergonomic delivery bin for easier collection of vended products.

Lower than average height at only 1700mm with side vents to make the Snakky RY range ideal for tight spaces.

Good security security features including a reinforced locking system.

Clean lines for easier cleaning.

Simple re-stocking with tilting pull out trays for easy access.

The Snakky RY offers a compact, robust snack vending solution with attractive user interface.

A reinforced programmable locking system built into a secure metal housing offers resistance to mild acts of vandalism.

To ensure client satisfaction, the Snakky RY has a sensor in the delivery area which detects if a product has actually been vended. If the item is not dispensed, the machine instructs the spiral to turn again until it is released or it will refund money.

The ergonomic patented delivery bin opens outward to ensure vended products are easy to pick up - even with one hand.
